

## Bringing quality dance classes to your location

### SATELLITE DANCE PROGRAM

The satellite program with Ballet On Wheels allows structured, curriculum-based dance and arts fitness classes to be brought directly to your facility. Whether you are a school, youth organization, daycare, cheer squad or church, classes can be customized to meet your specific needs.

The program also allows you to be able advertise to prospective customers that dance classes are offered at your facility as an added program feature.

All of the classes teach locomotor skills, creativity in dance/arts fitness, listening skills, memorization and teamwork skills, a wonderful supplement to add to your existing program curriculum.

As an additional benefit, Ballet On Wheels will provide complimentary advertising of your facility to hundreds of families at our studio locations throughout the year via our internal communications boards, newsletters, website, and annual year-end program dance recital.

#### Attire

Regular dance attire, suggested. If not, comfortable clothing suitable for dance movement will suffice.

**BOYS & GIRLS**  
SUITABLE FOR ALL AGE GROUPS

Year-round, 6-week, 8-week & 12-week Satellite Classes Available

### BENEFITS OF DANCE

The Ballet On Wheels Satellite Program components boost self esteem, fosters teamwork and introduces students to all forms of dance. In addition, students learn dance is not just art, it's athletic too!

In every class, students are taught:

- Dance Technique and Performance Skills
- Music Sensitivity
- Body Awareness and Placement
- Maximum Fitness & Fun!

It is important that students are well - rounded academically as well as artistically. The Ballet On Wheels Satellite Program exposes students to a variety of classes including:

- Creative Movement..... 50 min
- Ballet..... 45 - 1 hour
- Jazz/Modern .....1 hour
- Hip Hop .....1 hour
- Dance Fusion .....1 hour

### DANCE CLASSES OFFERED IN...

#### Creative Movement

A fun class for a special age! Designed to introduce young dancers to creative expression, movement with dance props and the introduction of basic ballet positions and stretching. Focus is placed on music identification, locomotor skill development and rhythm.

#### Ballet

Designed to introduce dancers to fundamental ballet positions, basic dance terminology and strengthening exercises. Focus is placed on music sensitivity, rhythm, discipline and repetitious movement.

#### Jazz/Modern

Designed to focus on introducing contemporary and theatrical dance using abstract movement and technique for the entire body.

#### Hip Hop

A fun class to get you moving and groovin' to upbeat music. Age appropriate dance movement with an emphasis on basic technique and choreography.

#### Fusion Classes

Fusion classes are a blend of any two specific dance genres designed for students at least 4th grade and above. Dance time is split to include more learning and more fun all in one.

EXTRA-CURRICULAR ACTIVITIES = ACADEMIC SUCCESS
